I recently moved to the area and was looking for a new dentist. I researched a few and decided on Dr. Shoffet's office. I'm not a HUGE fan of the dentist but the staff at Dr. Shoffet's are great! They made me feel very comfortable and were able to address all my questions and concerns. They were also able to work with me on my financial situation! The wait time was short, which I was also pleased with.

Thank you to all the staff at Dr. Shoffet's office, I will be returning!!!!!! New Patient, Gary C.

I am very pleased with this dental office! They have everything I would want and more! Very patient and understanding, and aren't just trying to drip me dry! I have gotten quite a bit of work done there just in the last couple months including wisdom teeth removal, crowns, deep cleaning, etc. I've never felt so good after a deep clean! Now I won't ever go anywhere else!!! Beautiful work! Thanks so much!

Highly recommended. Truly awesome dental services provided by a top shelf professional that cares!

My husband and I having been going to Roya for more than 13 years having been referred by a friend when we lived in Malibu. Although we moved to Santa Clarita 10 years ago we still make the trip to Woodland Hills, a fairly long drive from Santa Clarita, but well worth it. We love her meticulous attention to detail and the 1st class service we receive each and every appointment. For those concerned that Roya takes unnecessary x-rays to pad the bill, I would like to point out that x-rays are a dentist's window for discovering issues one may not even be aware of and not readily apparent without, a very necessary tool used by caring, forward thinking professionals that wish to keep minor dental problems from turning into major dental work later. A truly awesome professional and a credit to her industry. After such an experience we would never consider anyone else. Thanks so much Roya, for taking such good care of our family for so many years. Give Jacob a hug for us.

See you soon,  
Sue & Randy

I was more than impressed from the moment I called the office to schedule. I had a few concerns and questions and they were very accurate to answer them. My experience was very pleasant and warm yet straight to the point of my treatment. I am pleased to know that my family will be receiving the dental care that we all need.

Dr. Roya Shoffet and her wonderful staff are a great representation of 1-800 dentist. Just moved into the area and as I reviewed thru the pages of my dental insurance packet to find a dentist in my area I did some additional research and found out the complete history of the now wonderful office that will be maintaining our family of seven. Dr. Shoffet has a great deal of experience as she has had her own practice for over 15 years. Only the best for my family especially with our dental needs what a great investment. Thank you all at Royal Dental Practice!!! Very professional

Pleased and satisfied of my consultation that was provided to me by Dr. Roya Shoffet she was accurate and professional to the treatment. I had always been fearful of the dentist due to not having any dental insurance. Yet she was good about reviewing my benefit that I made great use of. All though insurance coverage is not as much, but her staff were great about helping me achieve my dental needs with providing me with additional financing. I am very pleased to know that now I could continue my dental visits as I need. Dr. Shoffet's office is a great representation to all your dental needs.

I have been looking for a new dentist for me and my family, so this was my first time visiting here at this facility. I was extremely anxious, because I HATE going to the dentist. I was very surprised and could NOT believe how happy I was with my experience with Dr. Roya Shoffet. I felt so at ease with his warm personality along with the friendly and comforting staff. To me, it was obvious that he has tremendous experience in dentistry, as he was able to conduct everything with confidence and high level of competency. I highly recommend Dr. Roya Shoffet for your dental work! I am happy to say that I have found our new family dentist and have made appointments for my 3 children to visit with him.
